Financial Documentation Requirements

Educational institutions in the United States are required by the U.S. Citizenship and Immigration Services (USCIS) to have documentary proof of at least one year of adequate financial support *before* admitting an international student. Failure to provide original documents demonstrating you have adequate funding will result in our inability to send you the appropriate immigration documents that you will use to get your visa.

Please send only **original** documents. *We will return these original documents to you so that you may take them with you to the U.S. Embassy/Consulate to apply for your student visa.* Please visit our website (www.missouri.edu/~icweb/iss/) for up-to-date information regarding the total dollar amount needed to attend the University and for living expenses. Our website will also answer many of your admission questions. You will also find e-mail addresses for both the International Students and Scholars Services and International Admissions. If you have questions, please e-mail them to us.

Thank you for applying to the University of Missouri. *Do not attempt to enter the U.S. without the appropriate Student visa.* If you enter the U.S. on a Tourist or Business visa, you will NOT be allowed to register for classes. You will be required to *leave* the U.S. and apply for a Student visa. This will cause delays and extra expenses for you.

Affidavit of Support

- Submit completed original form with supporting financial documentation.
- The affidavit must be less than one year old upon intended date of enrollment or date of I-20 update.
