Bachelor of Science in Nursing

Transfer Guide for Moberly Area Community College

This plan is intended only as a general guide based on requirements in the current University of Missouri undergraduate catalog. Check the following web sites for current course descriptions, prerequisites, course equivalencies and other specific details about the nursing degree:

- 1) College Catalog (<http://majors.missouri.edu>)
- 2) Transfer Admission (<http://transfer.missouri.edu>)
- 3) Transfer Equivalencies (<https://www.transferology.com/school/missouri> or <http://transfercourses.missouri.edu>)
- 4) Sinclair School of Nursing (<http://nursing.missouri.edu/>)

Admission to the Clinical Nursing Major - Transfer students should apply for admission to the University as pre-nursing and then will apply to the School of Nursing to the clinical nursing program in their final semester of completing nursing prerequisites and general education courses which is typically their 4th semester of coursework (also, have completed four of the five required science courses). *It is recommended that transfer students come to Mizzou in the Fall semester due to the Nursing 2000 pre-requisite only being offered in the Fall semester or as soon as possible if they wish to complete the BSN program in four years.*

The clinical application deadlines are within the first two weeks of fall and spring semesters. You must be a student at MU at least one semester to apply to the clinical major due to the fact that the nursing program has specific courses that can only be taken at MU to apply. Applicants for the clinical major are considered on a competitive and space-available basis for each admission period. Approximately 55 students are accepted into clinical coursework for the Spring Semester and 75 for the Fall semester. There are between 120 to 190 applicants per application periods.

There is an option for students applying in the spring semester for a fall start to take course in the following summer session. This would allow a student to graduate a semester early. Please speak with your Sinclair School of Nursing Advising office for more information.

Clinical application criteria include:

- Successful completion of approximately 45 credit hours and in progress with the remaining 15 hours of general education and pre-nursing coursework according to the requirements outlined below. A student must also have successful grades (C or better) in biology, chemistry, microbiology, anatomy, physiology, Nutrition, HDFS 2400, Nursing 2000 and Nursing 2100 to be eligible to apply for the clinical nursing major. It is recommended that students take as many sciences at MU as possible. Semesters 1-4 below must be completed prior to clinical coursework.
- Minimum cumulative grade-point average of 3.25 (on a 4.0 scale) for all college/university courses;
- Competitive grade-point average in nursing prerequisite courses; and
- Evidence of capacity to uphold the practice standards, functional abilities, and ethical codes of the nursing profession.

For more information, contact the Sinclair School of Nursing at (573) 882-0277 or nursing@missouri.edu.

University of Missouri		Moberly Area Community College
COURSE	CREDITS	EQUIVALENT COURSE (CREDITS)
Semester 1		
BIO SC 1010 General Principles and Concepts of Biology	3	BIO 101 Biology (4)
CHEM 1100 Atoms and Molecules with Lab	3	PHY 120 Found Chemistry (5)
MATH 1100 College Algebra	3	MTH 140 College Algebra (3)
State Requirement in Government or History	3	Select state requirement from the general education list on page 3.
Humanity/Fine Art (Pre-nursing majors need 9 credits of non-foreign language humanity/fine arts <u>OR</u> 12 credits of a single foreign language.)	3	Select humanity or foreign language from the general education list on page 3.
